Parties other than those having ledger accounts with the paper, cive so-cieties and military organizations are required to pay for transient advertisements in advance. An increase of 31-3 per cent, will be charged for transient advertisements not paid for in advance and no transient advertisement will be booked for less space than one inch. To illustrate; one-half inch is 50 cents, one inch 75 cents for one time, when paid in advance; but they will be \$1.00 if charged. Transient advertisers will save money by remembering this notice, which applies in all cases, irrespective of financial responsibility.

Advertising rates furnished on application. Contractors are not allowed to exceed their space—or advertise other than their legitimate business, except by paying especially for the same. Advertisements discontinued before the expiration of contract will be charged for at transient rates for the time inserted.
